1.	***a)***	*Identify the misspelled words and Subject-Verb Agreement errors in the passage below and record only the correct versions on your answer sheet.* Last month, our team began the verfication process for a new scientific hyothisis that claimed to revolutionize energy production. Although many were amezed by the initial findings, the lack of clarirty in the presentation raised some doubts among the experts. The so-called geneus behind the project insisted that further testing was unnecessary, but the scientific community agreed that thorough testing is crucial. Without clear evidences, the theory risks being dismissed despite its potential. The committee, along with several experts, are reviewing the proposal carefully. Neither the manager nor the assistants was aware of the new policy changes. A number of factors plays a role in the decision-making process, including budget constraints and market trends. Every member of the team have contributed valuable insights during the meetings. Moreover, the data from the recent surveys, as well as the feedback from clients, is being analyzed to improve the project outcomes.	**5**	**CO2**
