Department of Electrical and Electronics Engineering (EEE)

Faculty of Engineering

Course Code: 0223-121 Course Title: Art of Living & Engineering Ethics

Time: 30 min **Class Test #1** **Full Marks: 15**

Ali is a college student who was never too bright in school. But he always looked at setbacks as an opportunity to grow. Because of this he was able to adapt to new environment and take on new challenges in college. On the other hand, Shifat was one of the top students of his school failed to get good grades in first year of college. He thought he has chosen wrong subject and can't do good in future because of his early mistakes.

Q1. Identify and differentiate between Ali and Shifat's mindset. 5

Q2. Discuss the benefit of having mindset like Ali. 6

Q3. Explain the connection between Neuroplasticity and Ali's mindset. 4
